

Ubiquiti POE Injector, 48VDC, 24W

Ubiquiti POE Injector, 48VDC, 24W

Product number 810354023088

Weight 0.32kg

Product description

Ubiquiti Networks POE-48-24W-G - Power Injector - AC 120/230 V - 24 Watt

General

Device type Power Injector - external

Power supply unit

Input voltage Alternating current 120/230 V

Input voltage range Alternating current 90-260 V

Required frequency 47 - 63 Hz

Input connections Current IEC 60320 C6

Information on output power connections 1 x RJ-45

Output voltage 48 V

Power capacity 24 watts

Expansion / Connectivity

Interfaces 1 x Gigabit LAN - RJ-45

Miscellaneous

Special features LED indicator

Labelling UL, EN55022, EN55024, CCC, UL 60950-1, IEC 60950-1

Ambient conditions

Min operating temperature 0 °C

Max. Max. operating temperature 40 °C

Permissible humidity during operation 35 - 95%

Dimensions and weight

Width 5.99 cm

Depth 9.18 cm

Height 3.3 cm

Weight 159 g

Product properties

Zolltarifnummer 84733080

Color black

Country of Origin China

Brand Ubiquiti

Product ID 810354023088

EAN 0810354023088

Manufacturer ID POE-48-24W-G

Gross Weight (kg) 0.32
